

DOUBLE DECKER

All busses- Leftside Technical specifications

Guide for template

- The yellow areas should not contain text.
- The black fields will be cut off, so the fields can not contain text or graphics.
- All foil outside the red line will be cut away

Note! It is NOT possible to mount foil on rubber, carlights, reflexes, air channels, numberplate ect. There must be no text 5 cm from all cuts

TIP:

We suggest that you keep the message **short and simple** so that it is easy for the viewer to read. Furthermore, we recommend that you use **contrasting colors** especially between the text and the background.
